

The Loop

The Loop was built in 1947 on Main St. in the heart of Escalante, Utah. This building was a local restaurant for many years, a space that many locals have memories and stories of, after the restaurant closed it sat empty for many years, time and neglect wearing it down.

Then in 2023 we bought the building with a dream in mind to create space for many of the talented individuals to create their dreams! And so we spent the next two years with rebuilding, renovations and remodeling.

With true devotion, sacrifice and sincere love it has become The Loop, a large building divided into 5 rooms, home to local businesses! This dream has become real with the encouragement and support of our community.

Looping in a monument of dreamers. We thank you.

Sincerely ~ the Winkelmanns
